Passing of John Kitchens

It is with great sorrow that the board of Austin Tennis Net announces the passing of John Kitchens. John passed away unexpectedly during a ladder match on February 11, 2026. He was beloved by many in the Austin tennis community and his legacy will continue through the ATN ladder he founded with friends in 1996.

John worked at the Texas Department of State Health Services (formerly the Texas Department of Health) and bonded with coworkers John Yarber and Ray Silva over their love of tennis. John posted a query to the internal Texas DSHS forum asking if anyone was interested in playing tennis. John organized groups of players for matches according to self-reported USTA ratings and published final scores after matches were complete. If players won their matches they moved up a rung; if they lost their matches, they would move down. After about 6 months of manually organizing pairings, John wrote some basic code to automate the process and charged a nominal fee of \$10 to cover the cost of web hosting. Word spread and his ladder system became an integral feature of the tennis community in Austin. In 2011, John's tennis ladder evolved into a non-profit organization, Austin Tennis Net, that hosted the ladder. A series of yearly charity tennis tournaments benefitting community organizations was added in 2012. In May of 2026, the ATN ladder will celebrate its 30th year with over 1000 players in the greater Austin area currently participating.

On May 1-3, Austin Tennis Net will host their annual tournament at Caswell Tennis Center to celebrate John's life and his contributions to the Austin tennis community. Details will be posted soon.
